Works with SC Management to establish and complete performance objectives. Provides leadership to implement SC quality goals.	+ -
10%	M	Effectively participates as SC's representative in a variety of meetings such as district management, negotiation, administration, planning, claims, Board of Review, and project specific.	+ -

¹ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.
 MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

Typically supervises four to six Bridge Construction Engineers and approximately 50 engineering employees in varying classifications located throughout their assigned geographical area.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Possession and maintenance of a valid Professional Engineer's license as a Civil Engineer in the State of California. Possession and maintenance of a valid driver's license in the State of California. a thorough knowledge of the methods of design and construction of various types of bridges and transportation related structures: materials and equipment used in construction, contract administration and laws and codes governing construction by contract. Ability to plan and direct the work of others: analyze situations accurately and adopt an effective plan of action; prepare correspondence, reports, articles for publication and address and audience effectively. Ability to analyze and develop solutions for difficult technical and administrative problems related to construction work and the ability to develop new construction techniques and specifications. Knowledge of project and resource management as it applies to construction projects delivered using standard and alternative delivery methods and implemented by the state or regional transportation agencies. Knowledge of the proper use of field engineering equipment such as, but not limited to basic surveying instruments, concrete testing equipment including Kelly ball, straight edge, and profilograph.

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Responsible for verifying the administrative integrity and technical control of SC projects located within the Office's geographical area and for the safety of the public and assigned employees. Structure Construction projects include those delivered using standard and alternative delivery methods and implemented by the state or regional transportation agencies. Incorrect decisions could result in the loss of life, structural failure, an substantially increased costs to the State.

PUBLIC AND INTERNAL CONTACTS

In a team capacity, coordinates with SC management to assure maximum and efficient utilization of staff and other resources. Effectively participates in negotiation, administration, planning, claims, Board of Review and engineering meetings as SC's representative. Provide liaison between the construction projects and SC HQ, the Districts/Regions, Public Information Offices, other DES units and other State and outside agencies including regional transportation agencies. Exercises a wide latitude for project related contacts with Structure Design and Maintenance, Headquarters units, Districts, Regions, public agencies, private firms, and contractors.

PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

Ability to develop and maintain cooperative working relationships; responds to difficult situations; recognize emotionally charged issues and problems and be able to acknowledge and validate the various responses.

In a field setting, the incumbent must be able to climb ladders and steep inclines, ride in elevators and perform work from heights which may be over 500+ feet above the ground or water. In an office setting the incumbent may be required to sit for long periods of time using a keyboard on a personal computer. Incumbent must have the ability to multi-task and adapt to changes in priorities.

ADA Notice

POSITION DUTY STATEMENT

PM-0924 (REV 04/2021)

Incumbent must be able to hear directions and see and hear traffic and equipment to perform their duties safely. Corrected hearing is acceptable. Corrected sight must meet the CA DMV minimum visual acuity requirement.

This position is essential to the successful operation of SC and statewide project delivery. The incumbent ensures that the SC functional unit (office) is managed and coordinated, including procurement and management of SC equipment; that SC's products are provided timely so that project delivery is not adversely affected; and that innovative technology and VECP's are evaluated and made available. This position requires an ability to develop and maintain cooperative working relationships with district, DES, and headquarters staff, to respond appropriately to difficult situations, and to make timely and effective decisions.

Incumbent must behave in a fair and ethical manner toward others and demonstrate a sense of responsibility and commitment to public service.

WORK ENVIRONMENT

Incumbent will be exposed to various work environments. In the office setting, incumbent must be able to stand and/or sit for prolonged periods of time and will be exposed to artificial lighting in a climate-controlled area. Extensive travel is required, therefore incumbent must be able to travel using a car or commercial airline. Incumbent may be exposed to loud noises, dust, chemicals, extreme weather conditions, sunlight while out in the field, Must be able to lift 50 pounds and climb steep inclines.

I have read, understand and can perform the duties listed above. (If you believe you may require reasonable accommodation, please discuss this with your hiring supervisor. If you are unsure whether you require reasonable accommodation, inform the hiring supervisor who will discuss your concerns with the Reasonable Accommodation Coordinator.)
