POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

40%	E	<p>Management and Supervision: Manages the Caltrans server infrastructure and identity management functions. The server infrastructure is comprised of three platforms: Windows, Linux and Solaris. Provides leadership for developing and maturing the personnel infrastructure required to effectively manage over 1,500 servers and the Department identity vault that support Caltrans business operations. Has full management responsibility in the recruitment, training, development, and retention of staff including managers, supervisors, technical staff and consultants. Assigns, monitors and controls the workload of subordinate managers and provides guidance to achieve desired outcomes. Evaluates staff resources and training needs; establishes and implements performance standards and expectations by ensuring section-wide application in the conduct of probationary reviews, annual Individual Development Plans, constructive intervention, corrective and disciplinary actions, and training to encourage and support personal and organizational growth. Ensures proper documentation of the processes and procedures for the Department's server infrastructure, server hosting at the State Data Center and Caltrans strategic hub sites.</p>
35%	E	<p>Planning and Operations Management: As a member of the IMD management team, the incumbent formulates, evaluates, implements, maintains and operates more than 1,500 servers to support Caltrans business operations. Directs all activities associated with Incident Management, Request for Fulfillment, Configuration Management, and Change Management. Participates and contributes to the establishment and maintenance of technology practices that govern the standards, processes and procedures for the analysis, design, implementation, maintenance and operation of the Department's server infrastructure. Develops and administers plans, processes, procedures, and standards. Participates in tactical and strategic planning efforts to produce the annual business plan, spending plan, training plan and IT strategic plan. Directs and coordinates proper planning for IT projects and work efforts to achieve desired objectives on scope, on time and on budget. Participates in the Agency Information Management Strategy planning. Develop Budget Change Proposals as required to obtain resources to support the Caltrans IT infrastructure.</p>
20%	E	<p>Leadership: The incumbent provides the leadership for the development and continuous improvement of people, processes and technology to support the Department's server infrastructure and the identity vault. Provides the leadership for the development and improvement of the personnel infrastructure including the recruitment, development and retention of qualified staff. Establishes and maintains standards, processes and procedures for the analysis, design, implementation, maintenance and operation of the Server Infrastructure and Identify Management Office. Oversees market analyses, proof of concepts, and pilots of emerging technologies and recommends for adoption. Represents the CTO in internal and external meetings.</p>
5%	M	<p>Conducts analysis and writes reports related to IT trends and best practices in order to maintain operational readiness and to be continuously prepared for future technologies and operational capacity needs, utilizing inputs from staff, clients, peers and independent research in accordance with the direction of the Caltrans CIO, the department's executive management, and applicable sections of the State Administrative Manual and Statewide Information Management Manual.</p>

¹ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.

MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

The incumbent directly supervises 10 IT professionals in various IT classification levels ranging from IT Associate to IT Supervisor II. The incumbent may also collaborate with multi-disciplinary teams drawn from IT staff in HQ and the Districts to ensure success of the IT Performance Management Programs.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Knowledge of: Emerging technologies and their applications to business processes; business or systems process analysis, design, testing, and implementation techniques; techniques for assessing skills and education needs to support training, planning and development; business continuity and technology recovery principles and processes; principles and practices related to the design and implementation of information technology systems; information technology systems and data auditing; the department's security and risk management policies, requirements, and acceptable level of risk; application and implementation of information systems to meet organizational requirements; project management lifecycle including the State of California project management standards, methodologies, tools, and processes; software quality assurance and quality control principles, methods, tools, and techniques; research and information technology best practice methods and processes to identify current and emerging trends in technology and risk management processes; and state and federal privacy laws, policies, and standards.

POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

The principles of personnel management, supervision, and training; the organization's mission, policies, principles and practices; business and management principles involved in strategic planning, resource allocation, leadership technique, coordination of people and resources; principles and practices of organization, administration, personnel (recruitment, selection, training, compensation, benefits, labor relations, negotiation, and personnel information systems), and budget management; organizational roles and responsibilities and the ability to tailor training appropriately; principles and practices of employee supervision, development, and training; a supervisor's responsibility for promoting equal opportunity in hiring and employee development and promotion; maintaining a work environment which is free of discrimination and harassment; principles of personnel management, supervision, and training; the department's Equal Employment Opportunity objectives; and a supervisor's role in Equal Employment Opportunity and the processes available to meet equal employment objectives. A manager's responsibility for promoting equal opportunity in hiring and employee development and promotion and maintaining a work environment which is free of discrimination and harassment; the department's Equal Employment Opportunity objectives; and a manager's role in Equal Employment Opportunity and the processes available to meet equal employment objectives.

Ability to: Manage through subordinate supervisors and staff; effectively promote equal opportunity in employment and maintain a work environment that is free of discrimination and harassment; and effectively contribute to the department's Equal Employment Opportunity objectives.

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

The incumbent is responsible for extensive knowledge of IT policy, standards, processes and procedures, and working with customers and IT colleagues to identify business problems, opportunities and solutions to advance business programs. The incumbent must exercise good judgment, analyze problems, and take appropriate action. Bad judgment and/or decisions will have a negative impact on the Department's ability to process critical decision-support information and therefore the ability to deliver its transportation mission.

PUBLIC AND INTERNAL CONTACTS

The incumbent will interact with IT executive leadership, staff of other State Agencies including State Control Agencies, staff from local governmental agencies and staff working in the private sector to coordinate and respond to inquiries related to Division operations. In performing the responsibilities of this position, the incumbent may have contact with other departments, governmental agencies or private companies concerning information technology and business management best practices. Must develop and maintain strong working relationships with others.

PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

The incumbent may be required to sit for prolonged periods of time using a keyboard, monitor, mouse, and telephone. The incumbent must value cultural diversity and other individual differences in the workforce; adjust rapidly to new situations warranting attention and resolution; be open to change and new information; adapt behavior and work methods in response to new information, changing conditions, or unexpected obstacles; consider and respond appropriately to the needs, feelings, and capabilities of others; be tactful and treat others with respect. In addition, the incumbent must have the ability to multi-task, adapt quickly to changing priorities, and perform completed staff work or tasks and projects with short notice. The incumbent must be able to lift computer equipment that weighs up-to 50 pounds.

WORK ENVIRONMENT

The incumbent performs work indoors in a climate-controlled environment under artificial lighting or teleworking. The incumbent may be required to work for extended periods of time in a computer room that maintains an approximate temperature of 70 degrees. The incumbent may work after regular business hours and/or weekends to perform activities to support business operations and/or systems maintenance.

The incumbent must carry a cell phone and respond to calls after hours to lead multi-disciplinary IT professionals team(s) in organizing, analyzing, troubleshooting and resolving IT system problems; may travel to various Caltrans locations to provide expertise for IT operations. If the incumbent has a Class C driver's license and utilizes their personal vehicle, they may be reimbursed for travel expenses. When available, a State vehicle will be provided.
