Under the supervision of the Unit Forestry Equipment Manager I, the Heavy Equipment Mechanic constructs, repairs and maintains automotive, heavy maintenance and construction equipment including fire apparatus and may instruct and lead or direct the work of apprentices, helpers, assistants or other employees, inmates, wards or resident workers; and to do other related work.

Duties include but are not limited to:

40%
* Maintenance and repair of CAL FIRE mobile equipment including Emergency Crew Transports (ECT) Crew Carrying Vehicles (CCV), fire engines, trucks, automobiles and utility vehicles.
* Maintain and repair all miscellaneous equipment such as generators, trailers, pumps, air compressors, diesel and gasoline engines and similar equipment.
* Construct new equipment and/or modify existing equipment, including body frames, running gear and accessories.
* Operate and maintain tools and machinery used in the repair and maintenance of mobile equipment.

25%
* Instruct and lead or direct the work of others and maintain various records and reports.

10%
* Perform inspection of mobile equipment mandated by policy and state law.

10%
* Support the Forestry Equipment Manager I in the selection of parts and estimate of repair costs.
* Make approved purchases as a certified purchaser and complete all required purchase documents and submit within required timeframes.
* Responsible for processing purchase documents and must be familiar with the various processes and procedures associated with the use of FISCAL program and other means of purchasing commodities and services.

*These are the essential functions for this position. Essential functions are those functions that the individual who holds the position must be able to perform unaided or with the assistance of a reasonable accommodation.

**Equal Employment Opportunity (EEO) Statement:** All CAL FIRE employees are expected to conduct themselves in a professional manner that demonstrates respect for all employees and others they come in contact with during work hours, during work related activities, and anytime they represent the department. Additionally, all CAL FIRE employees are responsible for promoting a safe and secure work environment free from discrimination, harassment, inappropriate conduct, or retaliation.

**Job qualifications and/or conditions of employment:** Will be required to wear respiratory protection equipment including a self-contained breathing apparatus (SCBA). As such, Cal/OSHA requires that the incumbent be annually medically cleared through the Respiratory Protection Program to be fit-tested for respiratory protection equipment. May be subject to working nights, weekends or holidays in support of emergency incidents including travel. Upon appointment, incumbent is required to have a California Department of Motor Vehicles (DMV) Class A or B Commercial Driver License with tank (N) and passenger (P) endorsements and no restriction for air brakes or standard transmission.
