Classification Title	Position Number
Inforamtion Technology Specialist III	564-184-1415-002
Working Title	Bureau and Section
Information Security Risk Officer	Privacy, Security, and Disclosure Bureau (PSDB)

Our mission is to help taxpayers file timely and accurate tax returns and pay the correct amount to fund services important to Californians. To support this mission, FTB employees strive to develop in CalHR's Core Competencies: Collaboration, Communication, Customer Engagement, Digital Fluency, Diversity and Inclusion, Innovative Mindset, Interpersonal Skills, and Resilience. Core competencies are the knowledge, skills, and behaviors which are foundational to all state employees regardless of classification.

General Statement

Under the administrative direction of the Security Operations Section Manager, the Information Technology (IT) Specialist III will serve as the advanced system security risk officer working closely with Franchise Tax Board's (FTB) Security Oversight team providing technical consultation and direction on assessing operational information systems risks. The individual provides advanced analysis to identify and/or prevent possible security breaches or data loss ensuring that FTB's systems and projects have the necessary requirements in place to ensure that FTB's critical systems are secure from the latest attack vectors. These efforts contribute to the safeguarding of taxpayer and employee information. In addition, individual reviews authorization and assurance documents to confirm that the level of risk is within acceptable limits for each software application, system, and network. The scope of this role will include extensive risk and information security oversight, reporting, governance, communications, education, and consulting.
