¹ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.
MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

This position does not have supervisory responsibility; however, will require providing direction and guidance to dedicated administrative support staff. The incumbent may be acting in a lead capacity on an as-needed basis.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

The incumbent must hold a valid certificate of registration, in California, as a Civil Engineer (PE License) and have education or experience equivalent to graduation from college with major work in Civil Engineering. The Contract Manager shall have knowledge of: Regulations and policies and procedures related to the A&E Procurement process, including proposal preparation, contract negotiations, and finance, existing and developing methods of monitoring, tracking and reporting the status of contracts/task orders. The incumbent must have the knowledge to be able to understand the technical/engineering scope of work that is contracted out to consultants. The incumbent must have the ability to work closely with Functional Managers, Consultants, DPAC facilitators, Support Analysts, Project Liaison Engineers, Project Managers, and Headquarters units to establish a clear project scope, which forms the basis for estimating, scheduling, cost control, and general project coordination. The incumbent must have the ability to evaluate and make recommendations concerning the appropriateness of contracting consultant services for various Capital Outlay Support (COS) work efforts.

The incumbent must have knowledge of the various phases of transportation engineering; the missions, goals, policies, and guidelines to be implemented by the Department; contract management; project management, personnel management and supervision; health and safety, and labor relations programs. The incumbent must have knowledge of current departmental guidelines, preparation of engineering plans and specifications, the contracting out process, Federal regulations, and current laws in order to ensure proper State compliance. The incumbent must have the ability to identify and resolve issues to persuasively negotiate agreements with various agencies and parties. The incumbent must have the ability to represent Caltrans's interests when coordinating with consultants and understand/evaluate both the performance of consultants and the product they produce. The incumbent must possess excellent written and verbal skills to effectively communicate technical information in reports, correspondence and meetings.

The incumbent must analyze and evaluate the A&E contracts and contract procurement regulations to ensure compliance with Department policies and regulations. The incumbent also must analyze the Scope/Statement of Work developed by the Functional Manager to ensure that it is consistent with contract scope and capacity. The incumbent must analyze all contract documents to do the following: properly manage the development and implementation of complex consultant contracts; to plan, organize, and coordinate effort between consultants, Project Managers, and Functional Managers to ensure timely delivery of an

accurate and complete product; develop schedules and milestones with the Project Managers and Functional Managers to track the same. The incumbent must be detail-oriented, flexible in a rapidly changing environment, a team player and must be able to communicate effectively in order to achieve successful job performance.

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Failure to properly interpret and ensure compliance with current contract procurement procedures could result in costly disputes with consultants and local agencies, legal actions, and delays in providing the public with timely highway improvements.

PUBLIC AND INTERNAL CONTACTS

The incumbent interacts with higher and lower levels of personnel in the District and in Headquarters' Divisions on a daily basis. This position must maintain effective working relationships with internal and external customers and stakeholders who include: Division of Engineering Services (DES) management, DES Budget Office, Support Analysts, DPAC, Project Liaison Engineers & Functional Managers, Office of Civil Rights, Consultants, and Headquarters functions.

PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

Physical requirements may require the incumbent to move contract binders from one location to another and to sit for extended periods of time at the computer. Mental requirements include sustained mental activity for problem-solving. Must have the ability to multi-task, adapt to changes in priorities, and complete tasks or projects with short notice. Must have the ability to develop new insights into situations, apply innovative solutions to make organizational improvements, and enable others to acquire the tools and support they need to perform well. Emotional requirements include the ability to develop and maintain cooperative working relationships, respond appropriately to difficult situations, recognize emotionally charged issues or problems, and acknowledge the various responses. Must be able to deal effectively with pressure, maintain focus and intensity, yet remain optimistic and persistent, even under adversity. Will consider and respond appropriately to the needs, feelings, and capabilities of different people in different situations; is tactful, and treats others with respect. Behaves fairly and ethically towards others and demonstrates a sense of responsibility and commitment to public service.

WORK ENVIRONMENT

While at their base of operation, incumbent will work in a climate-controlled office under artificial lighting. As a statewide organization, DES adjusts to periods of fluctuating workload to successfully deliver projects. Incumbent will be required to travel and perform fieldwork and will be exposed to dirt, uneven surfaces, extreme temperatures, noise, vibration, and odor associated with fieldwork. May work around bulky/heavy materials and equipment used in the vicinity of inspection areas. May also be exposed to the motoring public. DES employees may be given temporary assignments on DES projects throughout the State as workload demands.

I have read, understand and can perform the duties listed above. (If you believe you may require reasonable accommodation, please discuss this with your hiring supervisor. If you are unsure whether you require reasonable accommodation, inform the hiring supervisor who will discuss your concerns with the Reasonable Accommodation Coordinator.)

I agree that by providing my electronic signature for this form, I agree to conduct business transactions by electronic means and that my electronic signature is the legal binding equivalent to my handwritten signature. I hereby agree that my electronic signature represents my execution or authentication of this form, and my intent to be bound by it.
