California Department of Corrections and Rehabilitation (CDCR) and California Correctional Health Care Services (CCHCS) are committed to transforming the correctional landscape to create safer, more professional, and more fulfilling environments for our employees, the incarcerated population, and those supervised in our communities. Through systemwide improvements grounded in proven and emerging practices, we aim to strengthen rehabilitation, enhance workplace satisfaction, and support successful reentry into the community through our institutions, parole, and community partnerships. Our shared mission is to promote safety, wellness, and human dignity while fostering positive change for all those who live and work within our institutions and communities. CDCR and CCHCS are committed to building an inclusive respectful workplace. We are determined to attract and hire candidates from all communities and empower employees from a variety of backgrounds, perspectives, and personal experiences. We are proud to foster inclusion and drive collaborative efforts at all levels of the Department. Across our organization, our programs work cooperatively to provide the highest level of health care possible to a diverse correctional population. We encourage creativity and ingenuity while treating others fairly, honestly, and with respect, all of which are critical to the success of the CDCR and CCHCS mission.						
PRIMARY DOMAIN:						
Under the direct supervision of the Regional Deputy Medical Executive (RDME), the Regional Physician and Surgeon (RP&S) will be integrated into the regional team to support implementation and improvements in key areas within Medical Services consistent with the Complete Care Model and community standards of care. The essential functions of this position include institution specific duties performed onsite or remotely via VTC, regional office based assignments, and community outreach activities. The overarching purpose of this position is to support recruitment and retention of qualified medical providers and delivery of appropriate, timely, safe, cost-effective, and efficient clinical services. Extensive travel to institutions is required.						
% of time performing duties	Indicate the duties and responsibilities assigned to the position and the percentage of time spent on each. Group related tasks under the same percentage with the highest percentage first. <i>(Use addition sheet if necessary)</i>					
	ESSENTIAL FUNCTIONS					

50%	Orient, coach, and mentor new providers. Complete or review probationary professional practice evaluations of new medical providers in assigned region as part of the effort to assess professional competency of potential state hires. Conduct focused professional practice evaluations as requested by medical leadership or as need arises from ongoing professional practice evaluations. Coach and mentor providers with specific opportunities to improve clinical practice. Monitor and review ongoing professional practice evaluation of medical providers in assigned region as part of the effort to assess and improve clinical practice of permanent civil service providers. Participate at the provider meetings and present education material to the medical providers as assigned by the RDME. Provide training to medical providers on the Complete Care Model and use of decision support tools. Participate in onsite or virtual Care Team Huddles and Population Management Working Sessions at designated institutions. Participate in interviews, reference checks and credential reviews of select applicants. Provide direct patient care for provider vacancy or extended functional vacancy relief as determined by the RDME in collaboration with the Institution medical executives. This may be done onsite or via telemedicine. They may also be included in the roster for physician on call (POC) and / or Medical Officer of the Day (MOD) opportunities. Act in management and / or supervisory positions at institutions upon request with agreement of institutional and headquarter management.
35%	Review of the Health Care Services Dashboard and Patient Safety Dashboard for practice and process patterns in the Region. Review operational reports that assist in assessment and reduction of overuse, underuse and misuse of high risk and high cost services such as specialty requests, hospital admissions, diagnostic studies and medication prescribing. Collaborate with other Regional team members on improvement initiatives. Share best practices and participate in the development of meaningful plans to improve clinical practices and processes. Facilitate Root Cause Analysis when assigned. Develop and implement changes in the system and culture for the region based on Adverse/ Sentinel Event findings and RCA. Review and act upon special reports that target specific practice improvement opportunities. Conduct Death Reviews and reviews of reported health care incidents as assigned. Prepare Continuing Medical Education presentations as assigned. Participate on Committees and workgroups as assigned including but not limited to Root Cause Analysis teams (RCA), Green Belt Projects and other forums focused on improving clinical practices and processes. Participate in the Hospital Rounds via conference call.
10%	Support provider recruitment efforts as Subject Matter Experts (SMEs) with medical services leadership and workforce development staff. Participate in provider recruitment efforts and activities that promote correctional medicine careers by delivering presentations at hospitals, medical schools, residency programs, or attending other recruitment events. Network with community hospitals and specialists. Orient and mentor Medical Students, Residents, and Fellows who are rotating in the institutions within the region.
5%	Other duties as needed to support the assigned Institutions and Regional Medical Services.
