Competencies

The competencies required for this position are found on the classification specification for the classification noted above. Classification specifications are located on the [California Department of Human Resource's Job Descriptions webpage](#).

Job Summary

This position supports the California Department of Public Health's (CDPH) mission and strategic plan by developing statewide strategies and department-wide policies that strengthen both state and local leadership, alignment, and partnerships to drive action to influence determinants of health, eliminate health inequities, and achieve positive health outcomes.

The Center for Healthy Communities (CHC), Deputy Director is responsible for the effective management and oversight of approximately 250 authorized positions with a budget of approximately \$260 million. With six Branches and one Office, CHC represents a diverse set of public health programs that address the challenging and evolving fields of chronic disease prevention, environmental health, and occupational health. This includes programs covering a broad array of public health topics and fields including the promotion of nutrition and physical activity; chronic disease control, surveillance, and research; oral health; childhood lead poisoning prevention; prevention and response efforts related to environmental and toxicological exposures; and occupational health and safety.

The Deputy Director manages and directs public health policy development with a wide range of

issues. The Deputy Director develops an overarching identity and direction for the Center, bringing together its disparate programs into a cohesive whole with a shared vision and direction that are in alignment with the Department. The Deputy Director is a liaison and provides policy recommendations to other state entities, including the California Health and Human Services Agency, the Governor's Office and the Legislature; federal and local governmental entities; community-based organizations; and California business and health care communities. The Deputy Director ensures the activities and policies of the CHC's programs are consistent with the Directorate's strategic vision and goals for public health in California.

The incumbent works under administrative direction from the Assistant Public Health Officer, Population Health.

DEPUTY DIRECTOR
Center for Healthy Communities,
California Department of Public Health

July 2026

The California Department of Public Health (CDPH) is recruiting an experienced, visionary executive to assist in leading our Center for Healthy Communities!

Come join one of the largest and most acclaimed state public health departments in the Nation to lead a team that is leading the way towards healthy communities and safe environments for all!

Who we're looking for:

A leader with integrity, vision, and a passion for public service. Someone who thrives in complexity, builds bridges across sectors, and is committed to making a lasting impact.

The Center for Healthy Communities Deputy Director serves as a member of the CDPH Senior Leadership Team and develops an overarching identity and direction for the Center, bringing together its disparate programs into a cohesive whole with a shared vision and direction that are in alignment with the Department.

The ideal candidate:

- Ability to lead and align diverse programs and promote a positive team environment while encouraging collaboration.
- Ability to drive health equity policy and programming and possesses diplomatic skills with ability and experience in developing stakeholder relations.
- Able to present information to a wide range of audiences, including the media, legislature, state and federal agencies, universities, and other stakeholder groups.
- Knowledgeable in transformation leadership and the organization & functions of the California State Government, including the legislative and budgetary process.
- Able to adapt in changing priorities and direction.

The Deputy Director is responsible for providing leadership and oversight for a diverse set of public health programs spanning chronic disease prevention, environmental health, and occupational health. This includes providing programmatic and policy leadership over six Branches and one Office, uniting a team of over 250 dedicated professionals and overseeing a budget of approximately \$260 million

The state of California offers a generous benefits package including a pension plan and some of the best medical, dental, and vision plans available.

CDPH is committed to achieving a diverse workforce through application of equal opportunity and nondiscrimination policies in all aspects of employment to create an environment that is welcoming to all individuals.

Apply by: 8/9/2026

CDPH works to protect people in the Golden State and helps shape positive health outcomes for individuals, families, and communities. CDPH programs touch the lives of everyone who calls California home, and the millions who visit each year.

The position is based in beautiful Sacramento, CA, and within a 90-minute drive of Lake Tahoe, Napa's wine country, and the Bay Area. The city is surrounded by biking and hiking trails and is perfect for the healthy living enthusiast.
