**Mission and Vision**

HCAI is a leader in collecting data and disseminating information about California's healthcare landscape, promoting an equitably distributed health workforce, and publishing valuable information. The Department does this through five program areas - Affordability, Workforce, Data, Facilities, Financing.

HCAI's mission is to expand access to quality, equitable, affordable health care for all Californians by supporting high value delivery systems, resilient health facilities and workforces, and actionable health information and strategies.

HCAI's vision is a healthier California where all receive equitable, affordable, and quality health care.

**General Description**

Under general direction of the Regional Compliance Officer, Health Facilities Construction (HFC), the Compliance Officer, HFC, performs the construction compliance phase of projects and will observe the construction of healthcare facilities as required to ensure work is performed in substantial conformance with the plans and specifications approved by Department of Health Care Access and Information (HCAI) and in compliance with Title 24, California Code of Regulations (CCR) (including all referenced codes and standards there within), the Office's Policy Intent Notices, Code Application Notices and other applicable codes, guidelines and policies, and other reference materials.

**Essential Job Functions**

- 45%** Conduct construction observation of health facilities' plumbing, medical gases, mechanical, electrical, architectural, accessibility, materials and finishes, anchorage and bracing of non-structural systems using approved and/or pre-approved details, secondary structural

## **Department of Health Care Access and Information Duty Statement**

framing and systems and interior partitions and ceilings as necessary to enforce applicable construction standards, regulations and substantial conformance with the approved plans and specifications. Prepare written reports and/or correspondence in a professional, clear, concise, legible manner, consistently citing code authority for all construction deemed to violate adopted building codes. Make field visits to facilities and construction projects and accurately document all activities in the Office's time and project tracking database system (eSP) in accordance with the Office's guidelines, policies and procedures and as directed. Maintain facilities' files to keep them current for each assigned facility and for each construction project from start to finish. Advise project architects, engineers, construction contractors and facility administrators/designated representatives on code related matters. Attend and participate in pre-design and construction conferences as required. Initiate or recommend changes that promote innovative solutions to meet customer needs.

- 30%** Monitor the work of HCAI certified Inspectors of Record (IORs) to ensure continuous, timely, accurate and competent inspection of all phases of work in accordance with Title 24, Part 1, CCR and other inspection provisions of the California Building Standards Code. Advise IORs on code related matters and on the proper procedures for filing construction documents with the HCAI. Monitor compliance with the approved Testing, Inspection and Observation Program. Monitor IORs Notices of Non-compliances to the contractor(s).
- 20%** Triage Post Approval Documents (PADs) and field review submittals to ensure completeness and accuracy. Analyze, determine, and perform the appropriate type and level of review before information is entered into the Office's eSP. Provide overall project coordination between the Office field staff on all assigned projects including, but not limited to, project tracking/reporting and issuance of occupancy and/or construction final. Coordinate with District Structural Engineer when Field Reviews and/or PADs contain structural calculations to be reviewed. Coordinate with the Fire and Life Safety Officer when fire and life safety issues require review. Recommend closure of projects for inactivity, noting outstanding safety issues with code sections for noncompliant work when appropriate.

### **Marginal Job Functions**

- 5%** Other related duties as assigned. Attend and participate in all meetings and training scheduled by supervisor. Participate in HCAI's Emergency Response.

### **Physical Demands**

Must possess and maintain sufficient strength, agility, endurance, and sensory ability to perform the duties contained in this duty statement with or without reasonable accommodation.

### **Working Conditions**

Requires prolonged sitting while operating a motor vehicle. Requires mobility to various Office work areas and may require travel to the Office's various office locations, construction sites and various locations throughout the State to attend seminars/meetings. May require climbing stairs and ladders, kneeling, stooping, standing, bending at the neck and waist, crawling, and walking on uneven and
