

Department of Parks and Recreation

September 2026 MASS COB

Position Selection Ballot

Per Bargaining Unit 7 MOU, the department shall select the applicant with the most seniority. Seniority shall be defined as badged time in SPPO (Ranger/Lifeguard) classifications. Employees who are subject to corrective action such as, but not limited to, counseling, interim reporting, or adverse action, may not be eligible for geographic transfer.

Applicants must be available for contact for offering of the position after one (1) week after the final filing date. The senior candidate will have forty-eight (48) hours from the time and date of the offer to accept the position. If not accepted during that time, the next senior candidate will be offered the position.

For more information, review section 16.9B of the Bargaining Agreement.

How to complete: Please be sure to enter the requested “Applicant Contact Information” at the top of page 2. Identify your selections by number in the order of highest interest, with 1 being most desirable. **Only identify the positions you are interested in.** One offer may be made in order of most desirable and still available as listed on your submitted Position Selection Ballot. If all your selections are accepted by more senior candidates, you will not receive an offer. See below for sample. See page 5 for Cannabis-Funded positions.

This document **must** be included with the application package in CalCareers or the mail-in application package to be accepted. For questions related to the ballot or job control, email SPPOHiring@parks.ca.gov.

OFFICIAL BALLOT

Cannabis-Funded Positions

These positions may be required to provide coverage to other locations or events throughout the District, based on operational need, with an emphasis on stewardship and operation of state park units with the goal of discouraging and preventing illegal cannabis cultivation, consistent with Revenue and Taxation Code 34019 (f)(2)(B). These positions may be required to work in rugged outdoor terrain. These positions may be assigned to assist the Special Enforcement Team with cannabis enforcement operations. Because this is considered a special assignment, there is a 2-year minimum requirement to be eligible. State Park Peace Officer Cadets and External candidates are not eligible. Positions are designated by a 400 series serial number.
