POSITION DUTY STATEMENT

DOT PM-0924 (REV 01/2025)

20%	E	Performs investigations, generates reports, reviews, correspondences involving numerous documents, plans and specifications relating to construction activities to include construction contract completion.
5%	M	Plans, schedules, and budgets the resources of the various sections of the Construction Field Office.
5%	M	Develops and recommends changes in policies, programs, standards and concepts.

¹ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.
MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

Provides direct supervision to various assigned field staff primarily Transportation Engineers Civil, Transportation Engineering Technicians, and may include other Construction field staff needed for project delivery.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

- Knowledge of civil engineering and construction.
- Knowledge of materials and methods used in construction.
- Knowledge of contract administration procedures.
- Ability to supervise subordinates.
- Ability to exercise good judgment in dealing with people.
- Ability to make fair and equitable decisions in a timely manner.

The assignments made to the incumbent are general covering a variety of construction contracts. The more difficult tasks are the decisions involving the analyzing and interpreting of the plans and specifications, and the resultant contracts with Contractors and their suppliers, and the public. Well over 50% of the incumbent's time are spent on these tasks. These tasks normally are non-repetitive, as each contract has its own on-site problems and design features. Various tasks will be in the construction of highways and other infrastructure-related facilities and related fields.

The incumbent has considerable freedom in the methods utilized to analyze and accomplish assignments, within the guidelines established by Policy and Procedures.

With the increase in construction contracts for freeway widening, safety and sound barriers, and other types of traffic improvements, new methods must be devised to determine compliance with contract plans and specifications. In addition, existing methods must be modified, and solutions found or new unique problems. He/She must also analyze and evaluate recommendations made by contractors, equipment suppliers, and personnel in other District office and agencies.

The incumbent mus employ considerable initiative to meet specific work commitments and schedules. The incumbent has full responsibility for efficiently organizing his/her staff to accomplish the daily work, as well as planning to utilize this staff to the maximum on future work. Incumbent is responsible for planning, scheduling, and assuring attendance of staff at appropriate training classes.

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Incumbent has responsibility to take initiative in solving job problems and make final decisions and recommendations within prescribed Policy and Procedures instructions. This responsibility is in both the administration and engineering phases of construction projects increase the cost to the State. Failure to enforce safety requirements could adversely affect public safety or result in unnecessary tort liability for the Department.

PUBLIC AND INTERNAL CONTACTS

The incumbent must work closely with his/her peers, supervisors and subordinates to provide a smooth working organization. It is necessary for him/her to maintain close contact with other offices within the District to provide a coordination of effort. In addition, he/she must deal with Local, State and Federal agencies as part of the work. He/She must also maintain personal contact with the public to minimize the effect of construction operations on nearby property owners and the highway users.

PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

The incumbent is required to make frequent construction job site reviews. Construction job sites are typically located adjacent to freeway/highway traffic. This position requires driving for State business and being able to safely operate a vehicle. Occasional travel may be required. Possession of a valid California drivers license is required when operating a State-owned or leased vehicle.

The incumbent is required to sustain the mental activity required for detailed analysis and problem solving; for intense negotiations with contractors to resolve potential claims; and to be able to deal with emergency and crisis situations.

POSITION DUTY STATEMENT

DOT PM-0924 (REV 01/2025)

The incumbent is also required to have the ability to develop and maintain cooperative working relationship; to respond appropriately to difficult situations; to be able to recognize and deal with emotionally charged issues or problems; be able to organizational and functional changes.

WORK ENVIRONMENT

While at their base of operation, incumbent will work in a climate-controlled office under artificial lighting. Incumbent may also be required to travel and work outdoors and may be exposed to dirt, noise, uneven surfaces, and/or extreme heat or cold.

I have read, understand and can perform the duties listed above. (If you believe you may require reasonable accommodation, please discuss this with your hiring supervisor. If you are unsure whether you require reasonable accommodation, inform the hiring supervisor who will discuss your concerns with the Reasonable Accommodation Coordinator.)
