General Statement

The mission of the Enforcement Division (ED) is to protect the environment and public health and provide safe, clean air to all Californians by reducing emissions of air contaminants through the fair, consistent and comprehensive implementation and enforcement of air pollution laws and by providing training and compliance assistance.

Competencies

All employees are responsible for understanding and demonstrating the core competencies of collaboration, communication, customer engagement, digital fluency, diversity and inclusion, innovative mindset, interpersonal skills, and resilience.

Supervisors and managers are responsible for understanding and demonstrating the leadership competencies of business acumen, inspirational leadership, results-oriented, stewardship, talent management, and vision & strategic thinking.

Position Description

Under the direction of the Enforcement Division Chief, the Assistant Division Chief (ADC) is responsible for advising the Division Chief, Executive Office, and Chair's office on issues related to program development, implementation and enforcement; including case investigations and documentation, case settlement, and litigation. The ADC assists the Division Chief in providing oversight and support to the implementation of local air district permitting and enforcement programs, and in providing compliance assistance to ensure effective enforcement programs. The incumbent also assists the Division Chief in budget and resource planning; and in managing branch chiefs, managers, and staff in the Division. The ADC will represent the Division and the Board with private industry and trade organizations; environmental and community organizations; other government agencies at the federal, state, and local level; and the public.
