

DUTY STATEMENT

Employee Name: Vacant	Position Number: 580-632-3803-016
Classification: Associate Health Physicist	Tenure/Time Base: Permanent / Full-Time
Working Title: X-Ray Machine Inspector	Work Location: 500 S. Kraemer Boulevard, Suite 225 Brea, CA 92821
Collective Bargaining Unit: R10	Position Eligible for Telework (Yes/No): Yes
Center/Office/Division: Center for Environmental Health / Division of Radiation Safety and Environmental Management	Branch/Section/Unit: Radiologic Health Branch / Inspection, Compliance & Enforcement Section, Radiation Machines, X-Ray Machines Unit Region 5 Brea.

All employees shall possess the general qualifications, as described in California Code of Regulations Title 2, Section 172, which include, but are not limited to integrity, honesty, dependability, thoroughness, accuracy, good judgment, initiative, resourcefulness, and the ability to work cooperatively with others.

This position requires the incumbent to maintain consistent and regular attendance; communicate effectively (orally and in writing) in dealing with the public and/or other employees; develop and maintain knowledge and skill related to specific tasks, methodologies, materials, tools, and equipment; complete assignments in a timely and efficient manner; and, adhere to departmental policies and procedures.

All California Department of Public Health (CDPH) employees perform work that is of the utmost importance, where each employee is important in supporting and promoting an environment of equity, diversity, and inclusivity, essential to the delivery of the department's mission. All employees are valued and should understand that their contributions and the contributions of their team members derive from different cultures, backgrounds, and life experiences, supporting innovations in public health services and programs for California.

Competencies

The competencies required for this position are found on the classification specification for the classification noted above. Classification specifications are located on the [California Department of Human Resource's Job Descriptions webpage](#).

Job Summary

This position supports the California Department of Public Health's (CDPH) mission and strategic plan by ensuring that qualified individuals are using X-ray machines in a safe and appropriate manner through timely, high-quality inspections and investigations.

The Associate (Assoc.) Health Physicist (HP) performs the more difficult and complex health physicist work as a lead inspector in the X-Ray Inspection program. The incumbent applies principles of radiation and health physics, radiation control regulations, policies and

procedures, and best practices to ensure the health and safety of workers, the public, and the environment. The position specializes in regulatory health physics (radiation safety) emphasizing fieldwork operations from a state regional compliance office. The Assoc. HP is provided with radiation detection and other equipment necessary to support their assigned duties and is expected to use, transport, and care for this equipment.

The incumbent works under the direction of the Senior (Sr.) HP of the Inspection, Compliance, and Enforcement (ICE) Section, Radiation Machines, X-Ray Machine Inspection Unit, Region 5 Brea.
