F. Actions and Consequences

Failure to complete assigned casework in a timely manner, or inefficiency in conducting investigations, may result in increased enforcement costs to the Board. Investigations not completed in a timely manner may allow the statute of limitations for the particular violation to lapse. Investigations not completed in a timely manner can delay licensing, costing the Dental Board loss of licensing fees and the possibility of a loss of income for a person who cannot be licensed until the investigation is completed. An inadequate investigation may result in allowing a violation of the law (criminal or administrative) to go undetected or unpunished. Many of the cases being investigated affect the health and safety of consumers.

Failure to make a lawful or justified arrest may expose the state to a lawsuit. The excessive or improper use of force in making an arrest may result in injury or death to an employee, suspect or other person and may expose the state to a lawsuit.
