INTRODUCTION TO THE LEAP PROGRAM

The Limited Examination and Appointment Program (LEAP) is an alternative examination and appointment process designed to facilitate the recruitment and hiring of persons with disabilities into the State of California civil service. The LEAP examination process is a two-part process that consists of: (1) a Minimum Qualifications Assessment (Readiness Evaluation) **and** (2) a Job Examination Period that is administered and evaluated in the work setting.

To qualify to take this LEAP Minimum Qualifications Assessment (Readiness Evaluation), you **must** first have LEAP certification issued by the Department of Rehabilitation (DOR). For information regarding obtaining LEAP certification from the DOR, visit the [Department of Rehabilitation website](#) and use the search term LEAP Certification. There you will find a link to Find an Office. Alternatively, to find a DOR office near your home, call (916) 5585300, TTY (916) 558-5302.

The legal authority for the Limited Examination and Appointment Program is Government Code Sections 19240-19244.

POSITION DESCRIPTION

Information Technology Specialist 1

Under direction, incumbents may perform a wide variety of tasks requiring regular innovative problem-solving within broadly stated and non-specific guidelines. The scope typically includes multiple program areas, and involves planning, developing, and implementing technological solutions that are essential to the missions of the overall organization, or affecting large numbers of people on a long-term or continuous basis in one or more of the Business Technology Management, Client Services, Information Security Engineering, Information Technology Project Management, Software Engineering, or System Engineering domains.

Incumbents may: perform feasibility studies and research analysis related to technology projects; provide information technology consultation in support of business programs; establish inventory management guidelines; provide metrics on service level agreements; install or repair hardware or peripheral equipment; develop, implement, and maintain security and privacy training; investigate security incidents; develop and/or review data sharing agreements prior to release of confidential information; analyze business impact and exposure based on emerging security threats; monitor project milestones and deliverables; coordinate and consult with users, administrators, and engineers to identify business and technical requirements; develop and sustain cooperative working relationships with project stakeholders; perform software product deployment and release management activities; define and design software solutions; identify infrastructure system requirements and recommend technology, hardware, software, and plans installation; advise, create, or participate in the design of new system architecture, standards, and methods to support organizational needs; install, configure, administer, test, and maintain communication infrastructure systems; conduct research and perform analysis to recommend system upgrades, cost-effective solutions, and process improvements; troubleshoot, track, and conduct root cause analysis of system/database/operational issues; and act in a lead role over lower-level staff.

MINIMUM QUALIFICATIONS ASSESSMENT (READINESS EVALUATION) SCOPE

This assessment consists of the following test component:

Minimum Qualifications Assessment (Readiness Evaluation) – Pass or Fail

To obtain a position on the **Information Technology Specialist 1** referral list, a pass result must be received. Applicants will receive their result upon completion of this Minimum Qualification Assessment.

REFERRAL LIST INFORMATION

A servicewide, open referral list for the **Information Technology Specialist 1** classification will be established for the State of California (all State of California departments, statewide).

The names of persons who successfully pass this Minimum Qualifications Assessment (Readiness Evaluation) will be merged onto a LEAP Referral List for the **Information Technology Specialist 1** classification. Candidates who pass the Minimum Qualifications Assessment (Readiness Evaluation) will remain on the list for 24 months. All State departments may use the **Information Technology Specialist 1** Referral List to select candidates for vacant positions.

LEAP Referral List eligibility expires 24 months after it is established. Competitors must then retake the **Information Technology Specialist 1** Minimum Qualifications Assessment to reestablish list eligibility

LEAP EXAMINATION PROCESS INFORMATION

PART 1: MINIMUM QUALIFICATIONS ASSESSMENT (READINESS EVALUATION) – Weighted 100%

This LEAP Minimum Qualifications Assessment (Readiness Evaluation) consists solely of minimum qualification questions that assess the training, experience and education that you have previously obtained. Your responses to the questions will determine if the training, experience, and education you have, meet the minimum qualifications for the Information Technology Specialist 1 classification. If your Minimum Qualifications Assessment (Readiness Assessment) result is “pass”, your name will be placed on the Information Technology Specialist 1 Referral List and you will have referral list eligibility to apply for Information Technology Specialist 1 vacancies.

Applicants who obtain Information Technology Specialist 1 LEAP Referral List eligibility must compete for state of California job vacancies in order to begin PART 2 of this process, which is called the JOB EXAMINATION PERIOD (JEP).

PART 2: JOB EXAMINATION PERIOD (JEP)

The JEP begins after you are hired and obtain an examination appointment. When you perform the duties of your state job, you will be evaluated on your job performance every four weeks or more often. Your evaluation will be based on the classification specification and the duty statement of the position.

The JEP will be the same length as the length of the probationary period for the same nonLEAP classification.

After successful completion of both the Minimum Qualifications Assessment and the JEP, the result will be a transition from an examination appointment to a standard appointment as an Information Technology Specialist 1. If appointed through the LEAP examination process, you will not be required to serve a probationary period.
