LEAP EXAMINATION PROCESS INFORMATION

PART 1: MINIMUM QUALIFICATIONS ASSESSMENT (READINESS EVALUATION) – Weighted 100%

This LEAP Minimum Qualifications Assessment (Readiness Evaluation) consists solely of minimum qualification questions that assess the training, experience and education that you have previously obtained. Your responses to the questions will determine if the training, experience, and education you have, meet the minimum qualifications for the Actuarial Senior Analyst classification. If your Minimum Qualifications Assessment (Readiness Assessment) result is “pass”, your name will be placed on the Actuarial Senior Analyst Referral List and you will have referral list eligibility to apply for Actuarial Senior Analyst vacancies.

Applicants who obtain Actuarial Senior Analyst LEAP Referral List eligibility must compete for state of California job vacancies in order to begin PART 2 of this process, which is called the JOB EXAMINATION PERIOD (JEP).

PART 2: JOB EXAMINATION PERIOD (JEP)

The JEP begins after you are hired and obtain an examination appointment. When you perform the duties of your state job, you will be evaluated on your job performance every four weeks or more often. Your evaluation will be based on the classification specification and the duty statement of the position.

The JEP will be the same length as the length of the probationary period for the same non-LEAP classification.

After successful completion of both the Minimum Qualifications Assessment and the JEP, the result will be a transition from an examination appointment to a standard appointment as a Actuarial Senior Analyst. If appointed through the LEAP examination process, you will not be required to serve a probationary period.
