Possession of a master's degree in a biological, chemical, physical, or environmental science, soil science, water science, hydrology, agronomy, natural resources science, environmental

or public health, physical geography, or a closely related scientific discipline may be substituted for one year of the required general experience; possession of a doctorate in the above-named disciplines may be substituted for two years of the general experience.

POSITION DESCRIPTION

Environmental Program Manager 2

This is the second managerial level of the series and, organizationally, incumbents are in the top management structure. Incumbents plan, organize, and direct critical, sensitive and and/or complex public health, environmental, agricultural productivity, and natural resource management programs of major importance to the employer, and do other related work. Incumbents have significant responsibility for formulating and administering policies, programs, and strategic plans, and exercise discretion in the provision of oversight and coordination on a broad technically diverse range of projects or programs. Incumbents typically supervise one or more Environmental Program Managers I or other second-level supervisors.

EXAMINATION SCOPE

This examination consists of the following components:

Training and Experience Evaluation – Weighted 100% of the final score.

The examination will consist solely of a **Training and Experience Evaluation**. To obtain a position on the eligible list, a minimum score of 70% must be received. Applicants will receive their score upon completion of the Training and Experience Evaluation process.

In addition to evaluating applicants' relative knowledge, skills, and ability, as demonstrated by quality and breadth of education and/or experience, emphasis in each exam component will be measuring competitively, relative job demands, each applicant's:

Knowledge and Abilities

Knowledge of: Basic principles of land, water, fish, wildlife, and other natural resources research; principles of ecology; soil and irrigation sciences, resource management, hydrology, geology, and waste prevention; statistical methods; land-use practices with reference to their general effect on human health, natural resources, agricultural productivity, and the environment; effects of hazardous and non-hazardous waste material and their interactions on the environment; chemical reactions; California and Federal environmental laws, rules, regulations, and requirements; basic toxicology, hydrology, geology, and principles of risk assessment and risk management; concepts employed in a variety of disciplines including environmental planning, economics, and

resource management; geolocation and geo-referencing software applications, resource conservation program impacts and implementation strategies; and recycling issues.

Ability to: Apply or modify scientific methods and principles; collect environmental data; analyze and evaluate data and reach sound conclusions; review, check, and interpret scientific and environmental reports; analyze situations and take appropriate actions; establish and maintain cooperative relations with all persons contacted; communicate effectively; prepare clear, complete, and technically accurate reports; apply laws, rules, regulations, policies, and requirements of California and Federal environmental protection and resource management programs; assess the impact of proposed State and Federal environmental legislation and regulations; understand principles of risk assessment and risk management; work with professionals from a variety of disciplines within and outside of State government; and review and understand technical research reports on emerging public health and environmental issues.

Knowledge of: In addition to the above, broad knowledge of the legislative process; California and Federal environmental regulatory and resource management laws, regulations, plans, programs, and policies relating to their program area; resource management practices and techniques; and chemical substances and waste materials and their interactions with and effects on public health and the environment.

Ability to: In addition to the above, develop scientific methodologies, research projects, criteria, procedures, guidelines, reference materials, planning and regulatory documents, and other innovative solutions for critical and/or sensitive environmental management problems; independently plan environmental studies; provide research and evaluation of short-term and important projects concerning public health, agricultural productivity, and environmental protection; develop techniques for handling and analyzing a large variety of detailed data; communicate the results and implications of studies to nonspecialists; act as an expert witness in court or at legislative or quasijudicial hearings; provide leadership in accomplishing basic functions and objectives in assigned programs; and inspire confidence and effective working relationships with employees, managers, and leaders in government and industry.

Knowledge of: In addition to the above, techniques for dispute resolution, principles and techniques of personnel management and supervision; budgeting and other administrative functions; and a manager's/supervisor's role in the Affirmative Action and Equal Employment Opportunity Program and the processes available to meet affirmative action and equal employment opportunity objectives.

Ability to: In addition to the above, plan, organize, and direct the work of others; perceive the alternatives available in the solution of management problems and select realistic courses of action; and effectively contribute to the employer's affirmative action and equal employment opportunity objectives.

Knowledge of: In addition to all of the above, health and environment related priorities of legislative and administrative branches of California and Federal

government; health and environmental solutions and initiatives being pursued by other states, local agencies, and the Federal government; and performance management strategies.

Ability to: In addition to all of the above, manage lead, or administer program resources; make decisions regarding program milestones; provide a forum for the resolution of conflicts or disputes among implementing agencies; ensure prompt and balanced media utilization; develop innovative solutions to difficult human health, agricultural productivity, and environmental management problems; and evaluate program performance and achievements.

ELIGIBLE LIST INFORMATION

A servicewide, open eligible list for the **Environmental Program Manager 2** classification will be established for the State of California (all State of California departments, statewide).

The names of successful competitors will be merged onto the eligible list in order of final score regardless of exam date. Eligibility expires **twelve (12) months** after it is established. Applicants must then retake the examination to reestablish eligibility.

Veterans' Preference will be granted for this examination. In accordance with Government Codes 18973.1 and 18973.5, whenever any veteran, or widow or widower of a veteran achieves a passing score on an open examination, he or she shall be ranked in the top rank of the resulting eligible list.

Veterans status is verified by the California Department of Human Resources (CalHR). Information on this program and the Veterans' Preference Application (Std. Form 1093) is available online. Additional information on veteran benefits is available at the Department of Veterans Affairs.

Career Credits **will not** be added to the final score for this exam, because it does not meet the requirements to qualify for Career Credits.

Bulletin Revision Date: 12/31/2021

GENERAL INFORMATION

Examination and/or Employment Application (STD 678) forms are available at the California Department of Human Resources, local offices of the Employment Development Department, and through your [CalCareer Account](#).

If you meet the requirements stated on this examination bulletin, you may take this examination, which is competitive. Possession of the entrance requirements does not assure a place on the eligible list. Your performance in the examination described in this bulletin will be rated against a predetermined job-related rating, and all applicants who pass will be ranked according to their score.

The California Department of Human Resources (CalHR) reserves the right to revise the examination plan to better meet the needs of the service, if the circumstances under which this examination was planned change. Such revision will be in accordance with civil service laws and rules and all applicants will be notified.

General Qualifications: Applicants must possess essential personal qualifications including integrity, initiative, dependability, good judgement, the ability to work cooperatively with others, and a state of health consistent with the ability to perform the assigned duties of the class. A medical examination may be required. In open examinations, investigation may be made of employment records and personal history and fingerprinting may be required.

Eligible Lists: Eligible lists established by competitive examination, regardless of date, must be used in the following order: 1) sub-divisional promotional, 2) departmental promotional, 3) multi-departmental promotional, 4) servicewide promotional, 5) departmental open, 6) open. When there are two lists of the same kind, the older must be used first. Eligible lists will expire in one to four years unless otherwise stated on the bulletin.

High School Equivalence: Equivalence to completion of the 12th grade may be demonstrated in any one of the following ways: 1) passing the General Education Development (GED) Test; 2) completion of 12 semester units of college-level work; 3) certification from the State Department of Education, a local school board, or high school authorities that the competitor is considered to have education equivalent to graduation from high school; or 4) for clerical and accounting classes, substitution of business college work in place of high school on a year-for-year basis.
